PROFESSIONAL SUMMARY

Motivated MCA student with hands-on experience in **Python, Django, Flask, Machine Learning**, and **NLP**. Skilled in developing web applications, REST APIs, AI-powered solutions, and MySQL databases. Seeking an entry-level **Python Developer, Software Engineer**, or **AI/ML Developer** role.

SKILLS

Programming Languages : Python, SQL, HTML5, CSS3, JavaScript

Frameworks & Libraries : Flask, Django, FastAPI, Bootstrap, REST APIs, Pandas, NumPy, Streamlit, Matplotlib, Scikit-learn

Databases : MySQL, SQLite

Tools & Technologies : Git, GitHub, Jupyter Notebook, Postman, VS Code

EDUCATION

Himachal Pradesh Technical University (HPTU)

2024 – 2026

Master of Computer Applications (MCA) | **CGPA: 8.3**

Hamirpur, Himachal Pradesh

Himachal Pradesh University (HPU)

2021 – 2024

Bachelor of Computer Applications (BCA) | **CGPA: 7.4**

Hamirpur, Himachal Pradesh

EXPERIENCE

Excellence Technology

January 2026 – June 2026

Python AI Intern

Hamirpur, Himachal Pradesh

- Developed an **AI-powered Campus Helpdesk** using **Python, Flask, NLP**, and **Speech Recognition**.
- Developed **Machine Learning** and **NLP**-based applications using **Python** for real-world use cases.
- Performed **data preprocessing, API integration**, and **data analysis** using **Pandas, BeautifulSoup**, and **Requests**.
- Collaborated with the development team to build **AI-based applications** and managed source code using **Git** and **GitHub**.
- Developed and optimized **MySQL** database queries for **backend applications**.

PROJECTS

Student Management System | *Python, Django, MySQL, HTML, CSS, Bootstrap*

- Developed a full-stack **Student Management System** using **Python** and **Django**.
- Implemented **secure authentication, CRUD operations, search**, and **pagination**.
- Designed and integrated a **MySQL** database to manage student records.
- Deployed the application on **Render** and managed version control using **Git** and **GitHub**.

Voice-Based Campus Helpdesk System | *Python, Flask, NLP, Speech Recognition, MySQL*

- Developed an **AI-powered** campus helpdesk using **Python, Flask, NLP**, and **Speech Recognition** for voice and text-based query assistance.
- Implemented **authentication, FAQ management, feedback collection**, and an **admin dashboard** using **Flask** and **MySQL**.
- Designed a responsive interface using **HTML, CSS, Bootstrap**, and **JavaScript** with **NLP-based query matching**.

Movie Recommendation System | *Python, Pandas, Scikit-learn, Streamlit*

- Developed a **content-based movie recommendation system** using **Python** and the **cosine similarity** algorithm.
- Processed movie datasets using **Pandas** and **Scikit-learn** to generate **personalized recommendations**.
- Built an interactive **Streamlit** application and integrated the **TMDB API** to display movie posters and details.

CERTIFICATIONS

- **Python + AI Training (120 Hours)** | **Grade A+** – Excellence Technology, 2026
- **Personality Development Course** – Excellence Technology, 2026

ACHIEVEMENTS

- Awarded the **National Service Scheme (NSS) State Level Mega Camp Certificate** by the Directorate of Higher Education, Himachal Pradesh (2019–2020).
